## LONDON INCLINED TO QUESTION STATEMENT

The Anglo-American Treaty has been Made to Appear Joint Commission to Consider the Boundaries and Fisheries Difficulties Between Canada and United States—Washington Insists Story is True.

London, April 9.—The statement cabled from Washington that it is officially admitted there that an Anglo-American treaty had been made, providing for the appointment of a joint commission to consider the boundaries and fisheries questions between the United States and Canada, has caused much surprise in official circles here. The foreign office officials say they have no advice from Ambassador Bryan that any such arrangement has been reached. In fact, as far as known here, the formal negotiations have not yet been opened, although there has been considerable discussion of the various questions outstanding between the United States and Canada.

Washington end of it. Washington, April 9.—It is stated here that probably lack of advice from recent developments in the exchanges that have occurred between America and Great Britain, relative to the settlement of the questions between

the United States and Canada, accounts for the statement from London today that formal negotiations have not yet been opened. While the agreement reached is not quite as comprehensive as at first supposed, it is now authoritatively stated that negotiations have been formally conducted with the result of reaching a basis for a treaty that shall provide means of settlement for all questions relating to the fresh water fisheries and control of the international waters and streams.

The regulation of navigation of the St. John river, being otherwise provided for in an act passed at the last session of congress, will be treated by a commission to be appointed for the purpose, but it is said there is no occasion for hastening the matter. The remaining open issues between Canada and the United States are, it is repeated, under discussion with prospects of conventional arrangement by the time congress re-assembles.

## WILL REQUIRE ABOUT \$8,000

Board of Trade Will Use This Amount in Its Work This Year.

The regular monthly meeting of the Edmonton Board of Trade was held yesterday afternoon in the City Council chamber. There was a good attendance of members. The chair was occupied by the president, Wm. Short.

After the reading of minutes and other routine business the communications were taken up.

Senator T. O. Davis wrote asking the endorsement of the Board to his resolution before the House of Commons asking for the appointment to the Railway Commission of a telephone and telegraph agent to have control over all lines in Canada.

A committee composed of Messrs. Jackson, Stockand and Col. Edwards was appointed to look into the question and take action.

A request from the Montreal Board of Trade asking endorsement of the principle of mutual preferential trade with Great Britain was complied with. The letter of the Canadian Manufacturers' Association with reference to the objection to the eight hour clause in the labor bill now before the Commons was also discussed but no action was taken.

Mr. Doucet submitted the report of the Transportation Committee on the draft of the Terms and Conditions of Carriage by Railways, which is under consideration by the Railway Commission. The committee in accordance with the request of the Commission submitted certain criticisms and suggestions.

This matter was discussed at length, the president pointing out that the railways are seeking to evade the law relative to common carriers and advising that the Board take no action to lessen the responsibility of the Canadian railways along this line.

It was moved by Mr. Stockand and seconded by Mr. Doucet that the Board of Trade accept the report of the Transportation Committee and send a strong resolution urging that the responsibility of the common carriers be not reduced in any way by the new regulations; also that the report be submitted to the president.

Mr. Short, for revision, and the endorsement of other boards of trade in the province be secured.

To Obviate Traffic Blockade. A letter was read from the Winnipeg Shippers and Subscribers Association, Winnipeg, endorsing a resolution passed by that association asking that steps be taken to prevent the recurrence of the traffic blockade of last season. Forms were enclosed to be filled in by all who were able to give

## WHEAT STOOD WINTER WELL

Double the Average for McLeod This Year—Ranchers Less Not Above Average

Mr. Mayor Grady, of McLeod was a visitor to the city yesterday. He stated that over one-third of the seeding was completed in that district. Speaking of the ranchers' loss he said the loss would not be above the average. He knew of one herd of 10,000 cattle where the loss would not exceed 10 per cent. The cattle have plenty of feed now upon the old grass, and will wait the new grass comes.

Mr. Grady says that double the average of wheat will be seen in the McLeod district this year, than last year. This has been a particularly good year for the 'all wheat and a splendid crop is anticipated if it splendid crop is anticipated. The same is true of the Cardston district.

WILL OPEN AT 3 O'CLOCK. The Hague, April 9.—Two o'clock in the afternoon of June 15 has been fixed for the opening of the second peace conference here.

Increased Immigration. Mr. Doucet took up the matter of increased immigration to this part of the province. The feeling was prevalent here that this portion of the province was not getting its share of the immigration coming to the western provinces. It was suggested that the matter be laid before the Minister of the Interior on his approaching visit to the Capital.

Colonel Edwards suggested that a standing committee be appointed to look after the whole matter of immigration. Secretary Fisher outlined some of the work done along this line during the past two years. For some time the secretary and his assistants had done much to assist the work of the immigration department, but it was impossible with the present staff to do this better work. In his opinion it would be better to use all available means to bring the immigrants here.

Col. Edwards thought in view of what the secretary had said that there should be some office or committee to look after settlers when they come to the city. If the secretary's office was thronged two days there was much more need of accommodation now with many more immigrants.

The president said the immigration department did not look kindly on the Board interfering in their work and the matter then dropped.

The financial estimates for the year were submitted as follows:

Estimated Receipts.	Estimated Expenditures.
Membership fee .....	\$1,750
Office Expenses.....	600
Stationery, postage, etc.....	\$1,100

Office furniture .....	100
Auditor's fee .....	10
Duty on pamphlets .....	10
Publicity Account.....	1,000
Literature .....	1,000
Advertising .....	1,000
Photographs, etc. ....	500
Exhibits at Eastern Exhibition .....	500
Driving, etc. ....	5,000
Board of Trade Convention .....	500
Western Canadian Immigration Ass'n's fee .....	5,000
Salaries .....	7,750
Less estimated receipts .....	1,750
Amount to be raised .....	\$8,000

President Short said it was felt necessary to obtain better offices for the secretary, on a ground floor somewhere, which would cause additional rents. This, with additional salaries, brought up the grand asked from the council to \$8,000.

This estimate was approved and matter was left in the hands of the council of the Board.

A few minor matters were further informally discussed and the meeting then adjourned.

## HE CONDEMNED THE S.A. SCHEME

Lavergne Attacks the Government's Immigration Policy—Coal Strikes Averted.

Special to the Bulletin. Ottawa, April 9.—Armand Lavergne, M.P., made an attack this morning upon the existing immigration policy. He declared there were only two classes of desirable immigrants for Canada, and those were British and French or Belgian. His condemnation of the Salvation Army scheme of bringing the class of Britons they did, and further claimed that not enough money was being spent to encourage immigration from France.

Strikes Averted. Hon. Rodolphe Lemieux announced in the House today that as a result of the full explanation of the new Labor Act, the Canada Coal and Coke company's works were reopened and the men had gone back to work. Trouble in four mines at Frank, Coleman and Crow's Nest ended when the men were apprised of the nature of the new act and its application to the present situation. The men are at work again and all have agreed to the appointment of a new strike of investigation. The threatened strike in the coal mines of the west will be averted.

The strike now on at Spring Hill mines, Nova Scotia, is being settled in the same way by the new Labor Act.

Famine Stricken China in Sore Straits—Missionaries May Also Feel Pinch.

Toronto, April 9.—Rev. Dr. Bonerby, interim treasurer of the Presbyterian Church in Canada, has received a letter from Dr. McMillan, Shanghai, regarding the Chinese famine, in which he says: "Many thanks for enclosure for the famine relief. I at once forwarded it to the committee here, who are co-operating with missionaries in the stricken area."

"Reports are not exaggerated, thousands must die in any case. We greatly fear the missionaries will not stand the strain much longer."

"It is too terrible to listen to," they say, "with the cries of the starving and dead ringing in their ears. They need our prayers as much as the Chinese."

In all \$25,000 has been forwarded through the Presbyterian office toward the relief of the famine sufferers. As yet no direct appeal has been made. Money is hoarded by the missionaries in the field.

"BOMBS THROWN AT HIM. This is Statement of Foreman of Italian Gang, Who May Lose His Life. U.S.A. N.Y., April 9.—Geo. E. Davis, foreman of a gang of Italian laymen water mains, was fatally injured by a mysterious explosion of dynamite. He will lose his eyesight and arm, and probably his life. Davis declared that one of the men hurled a bomb at him and it exploded when it struck. The men say that nothing of the kind happened, but that there must have been an unexploded portion of a dynamite charge in the ground where Davis stood.

STEAMERS FOR THE KEENA. Winnipeg, April 9.—A corporation of \$50,000 has been organized under the laws of British Columbia by H. E. Kent F. B. Peet and other Grand Forks residents. The firm is to be known as the British Columbia Navigation and Commercial company and will do a big business with steamers on the Skeena river. The steamer Northwest has already been purchased by the company.

INCREASE TEACHERS' SALARIES. New Brunswick Gets Into Line—Will Give \$25,000 Increase in Expenditure.

Federation, N.B., April 9.—In the House today Mr. Pugsley introduced a bill to give teachers of all classes in the province an increase in salary. This will amount to an increased expenditure for teachers' salaries of \$25,000, making a total of \$1,000,000 by the province toward teachers' salaries of more than \$20,000. Increases will take effect upon the first payment of increased salaries, and will be according to the length of service of the teachers.

## MUST STOP SUNDAY WORK.

Unit Cases Under Lord's Day Act Are Heard.

Toronto, April 9.—Officials of the Lord's Day Alliance have been notified that the attorney general has granted state in order that actions may be brought against the C. P. R. and G. T. P. for violation of the Lord's Day Act. County Crown Attorney Dwyer is preparing the cases to be submitted to the court.

The questions referred to Attorney General Foy were whether shutting and needless traffic in freight would be permitted during the hours prohibited by the act, and whether repairs in the railway shops were permissible. No information can be had yet as to the grounds upon which the action will be taken.

## MURDER IN SECOND DEGREE.

Rochester, N.Y., April 9.—The jury in the case of Fred Schultz returned a verdict of murder in the second degree today. Schultz was convicted of killing Edward Pullman, the village watchman of Sodus, on March 26 of last year. Pullman was found dead in the Knapp private hotel in Sodus with a bullet wound in his back.

## THOUSANDS MUST DIE IN ANY CASE

Famine Stricken China in Sore Straits—Missionaries May Also Feel Pinch.

Toronto, April 9.—Rev. Dr. Bonerby, interim treasurer of the Presbyterian Church in Canada, has received a letter from Dr. McMillan, Shanghai, regarding the Chinese famine, in which he says: "Many thanks for enclosure for the famine relief. Increases will take effect upon the first payment of increased salaries, and will be according to the length of service of the teachers.

## WILL SUE THE CITY FOR THE DIFFERENCE

If Council Fixes Teaming Prices at Increase Over Present Charges—Canadian White Co., Will Take Action According to Manager's Statement—Council Refused to Endorse Team Owners Draft Scale of Wages.

Manager Tomlinson, of the Canadian White Co. Ltd., this morning holding the contract for the city's sewer construction work, stated to the Bulletin that if the city council under-takes to draw up and endorse a scale of teaming charges which will permit of an increase over the present rate of 50 cents an hour, he will enter suit against the city to recover the difference between the 50 cent rate at present, and the increased rate.

"I think the city can be held responsible," said Mr. Tomlinson. "When the Canadian White Co. took the contract for the sewer construction work the teaming prices on which we figured were at 50 cents an hour for a 10 hour day. Now if the city steps in and raises the rate to say 75 cents an hour, it will affect us very materially."

## A CHIVALROUS KNIGHT IS THAW

According to Delmas' Statement to Jury in Defence of White's Slayer.

New York, April 9.—One more day and the concluding chapter of the trial of Harry K. Thaw for the murder of Stanford White will have been written into history. With an oratorical appeal to both the written and the unwritten law for the justification of his client, Delmas, the Delmas attorney, concluded his exhaustive summing up address to the jury this afternoon. When the court adjourns to-morrow at 11:30, one hour later than usual, District Attorney Garvan will go before the jury, and in three or four hours' address, is expected to make a plea which will be accounted one of the best efforts of his life. Justice Fitzgerald would not say today whether or not he would charge the jury directly following the district attorney's opening remarks, but the general impression was that he will do so. In that event there would be little doubt but that the case will be turned over to the jury by to-morrow evening.

## ITALIAN COUNT AFTER FRUIT FARM

In British Columbia—Has Large Fruit Ranches in Southern Italy.

Winnipeg, April 9.—Count Francesco Dentice, of Rome, Italy, of the princely family of France, is here on his way to Sumnerland, B.C., where he is negotiating for the purchase of a large fruit ranch, which, when developed, will be one of the largest in the province. He has at present extensive interests in a number of fruit ranches in Southern Italy, and the pursuit of fruit growing has occupied his attention for twenty years.

## FACE BLOWN IN.

Rochester, N.Y., April 9.—As the result of an explosion this morning of a barrel of oil of tar in the cellar of Blau and Humann, wholesale druggists, John Schaefer, an employee, had his face literally blown in, and died soon afterwards. Schaefer was 36 years old. Fire followed the explosion, but was soon extinguished.

## HON. JOHN CHARLTON MARRIED

Toronto, April 9.—The marriage of Miss Clara Janet Owen, of Lyndoch, Ont., to Hon. John Charlton was celebrated on Saturday. Mr. Charlton, who has been a prominent figure in Canadian politics for years, was born in 1859 and elected to the Federal House of Commons in 1897.

## SENTENCED FOR LIFE.

Chicago, April 9.—The jury in the Queen murder case last today returned a verdict of guilty. Howard Nicholas was given life imprisonment and Leonard Leopold was sentenced to 14 years in prison.

## A RAILWAY SERVICE FOR THE WEST.

There is a growing grievance in the West about the railway accommodation being accorded this part of Canada. At present the passenger service accorded the Western provinces is dependent upon the through trains from Toronto and Montreal. Trains are delayed in Winnipeg for weeks waiting for eastern connections, and the very great annoyance of people who wish to travel from Winnipeg west.

The passenger traffic in the West is now of sufficient importance to demand a train service of its own starting from Winnipeg and running on time making connections with the different branch lines along the way. At present people travelling west who wish to connect with the Lenora, Minota, Arcola, or Regina-Prince Albert branches can have no certainty of when their journey will begin at Winnipeg or whether they will be able to make connections with the branch line they wish to travel on. A through train from Winnipeg to the Coast that did not wait for eastern connections would remedy this.

At the present time Winnipeg is the distributing city for the West. Almost all the eastern manufacturers have important branch houses in Manitoba's capital and the business connections between Winnipeg and this part of the country are very important. When the plant of this newspaper was destroyed by fire a few weeks ago the type foundry agents who left Winnipeg to come to Edmonton, to consult the Bulletin Company about a new plant, were delayed in their home city for several hours waiting for an eastern train to reach Winnipeg before the train from there would start out. This is only one example of what is occurring every day.

The present system also interferes greatly with the mail service in the West. The train from Winnipeg is frequently ready to start with one mail, but being delayed for eastern connections it is loaded with yet another Manitoba mail before it starts and it then proceeds to gather a double supply of mail as it proceeds, then when it lands its double cargo in Edmonton people wonder why the mail is not distributed in about an hour after its arrival.

The connections with the Calgary and Edmonton line are also interfered with by the present system. If someone were to say that they will leave Winnipeg by a certain train on a certain day, being delayed for eastern connections it is loaded with yet another Manitoba mail before it starts and it then proceeds to gather a double supply of mail as it proceeds, then when it lands its double cargo in Edmonton people wonder why the mail is not distributed in about an hour after its arrival.

This is a question of very great public importance to the West and should be a problem for the Railway Commission to solve. This body has shown not only great capabilities but a very marked determination to make the railways live up to the demands of public opinion. If a proper presentation of this case was made to the Commission we have no doubt that the railways would be requested to give a passenger service between Winnipeg and the Coast independent of the transcontinental trains. It is within the range of possibilities, however, that the railways themselves may see the need of such a service and give it to the people without having recourse to the Railway Commission at all.

## HOW WILL THE LIBERALS DEAL WITH THE LORDS?

The House of Lords has been styled an anachronism in our system of responsible government, and for that reason many more theories have clamored for its abolition. Theoretically this is so, but not in fact. It is not to be condemned by the majority of English thinking people who as a class have a contempt for theories, and it is not likely that they will abolish the ancient chamber because it does not satisfy the requirements of logic. Yet it would appear from the persistent reports from the Old Country during the last few months that the people are stirred over the prestige and utility of the House of Commons. There does not seem to be any desire to uproot the Lords as an estate of the realm. The House of Lords has never been an unpopular assembly. Its mem-

bers have influence and position that are the pride of the nation. In its legislative capacity the House of Lords has never been the instrument of tyranny, and in the past has invariably stood for liberty against the monarchy.

The great political inconvenience of the Upper House is that it is too Tory, and shows an evident disposition to block reforms brought forward by a Liberal administration. It allows public opinion to prevail only when it does not clash with its own special interests.

It is true that if the Lords reject some important legislation sent from the Lower House such as the recent education bill, the ministry may resign and the Liberal Premier canister of two elections before he can redress his promises and execute the policy of his party.

The real interest in the problem to reform or not the Lords will be determined not by what tactics will be adopted in the conflict. There is here room for the play of all resources, courage and skill in parliamentary tactics that has distinguished the long and illustrious line of British statesmen. Meanwhile it remains to be seen if the English Liberals of the present day possess the stamina and energy to force the issue and finally dispose of it. In the end it will be settled by a general election. But before the appeal to the people is made the Liberal administration must do many things. It must as Winston Churchill says be a complete good Radical Budget; educate the electorate on the constitutional issues involved, and bring all progressive agencies into line against the formidable rival. The battle against the Lords must be first fought on the floor of parliament. In this battle the resources of the popular chamber are very great. The House of Commons is the only body of Great Britain not subject to the question settled by subterfuge or trickery. That would merely shelve the issue is to be settled by the House of Commons and the country how aggravating is their soreness and how great the disappointment.

The House of Commons has been an inquisition, prying persistently into what certain gentlemen were pleased to consider their private affairs, and asking questions both direct and personal and even declining to permit the investigation to be halted, deflected, impeded or parried by the trifling and mischievous maneuvers of a corps of legal strategists.

## JUDICIAL BODIES AND THEIR CRITICISMS.

(Ottawa Free Press.)  
Mr. Borden and Mr. Foster are sorely displeased with the Commission and took the opportunity offered by Mr. Brounne to explain to the House and the country how aggravating is their soreness and how great the disappointment.

The House of Commons has been an inquisition, prying persistently into what certain gentlemen were pleased to consider their private affairs, and asking questions both direct and personal and even declining to permit the investigation to be halted, deflected, impeded or parried by the trifling and mischievous maneuvers of a corps of legal strategists.

In other words the Commission had investigated—as they were appointed to do—and had refused to be prevented from investigating by the House of Commons.

After all, this is about what might have been expected, considering that the Commission was appointed to discharge a judicial duty and the Commission may conclude themselves with the fact that they are neither the first nor the only, nor are they likely to be the last, judicial body to be made the object of the unrelenting condemnation of those with whose affairs it is the duty of such bodies to deal. Indeed it cannot be denied that there is in Canada a certain element who view with complacency, and even with gratification the abolition of all judicial bodies and the destruction of certain special judicial bodies whose duties are confined to

a particular locality or to a particular class of offences.

But is the condemnation of such classes considered? Not reason for the abolition of judicial bodies or good evidence that they have improperly used their offices? On the contrary it is not the best possible reason why these bodies should be maintained and the best possible evidence that they are fulfilling the purpose of their existence? If there is antagonism in the community toward such bodies, if there is hostility toward their members, dissatisfaction with their methods and still more with their doings, and if this dissatisfaction is found only among those whose conduct has brought them under judicial examination, is this to be construed as a sign that the judicial machinery should be abolished or discarded? On the other hand it is not just because they are maintained in the main element aims run counter to the welfare of society that such machinery is created and maintained.

The police court is not a universal popular institution, but it is considered a sufficient reason for its abolition? On the contrary, it is commonly held that when the magistrate is not unpopular in some quarters it is the time for an investigation. Where is the judge who has not incurred the most decided disapproval of a certain number of the community whose conduct it has been his duty to review? Did a jury ever decide a case without arousing dissatisfaction on the part of someone? The Parliamentary Committee investigating the House of Commons is not unpopular in certain British Columbia mill-owners, and its members and methods have been referred to in language quite as strong as that which is likely to be applied to the insurance Commission. Is this to be construed as a sign either that there was no cause for enquiry or that the enquiry is being unfairly conducted? Not one of the four Conservative members of the committee has suggested changing the membership of altering the methods because of the hostility of the millmen.

The insurance Commission was instituted to make enquiry into the conduct of insurance business in Canada, regardless of whether that enquiry might lead and of which it might lead. The interest of the public in the proper administration of insurance affairs is anterior to the interest any individual may have acquired or may acquire by reason of actions inconsistent with such administration. If Mr. Foster found himself censured by the Commission for such conduct he has only himself to blame. In installing the Commission for enquiring his conduct he only emphasizes the fact that that body discharged its duty to the people of Canada whose interests it represents.

## NOTE AND COMMENT.

The Panama Canal will cost five hundred million dollars and it is expected to be open for navigation about the year 1915.

A Pittsburgh man has invented a method of burning ashes with smokeless results. A good many people in this city would have envied him the last winter.

The Bell Telephone Company is now asking leave to lay wires in the streets of Toronto. A few years ago this corporation generally would work without a by your leave. Times are changing.

The assessment in Toronto this year will be based upon the selling value of lots in the city. It is estimated that the assessment will in this way be increased by at least \$15,000,000.

Waskerville and Sandwich, Ont.اريو border towns, want the Detroit Sunday papers and some 2,000 of them had to cross on the International train to get them rather than wait until Monday.

The most interesting and attractive window display in London is that of the Canadian emigration office in Charing Cross. The window shows a Saskatchewan view of wheat in stock, in the foreground a river runs through the picture, sending a flow of wheat and operating the mill-wheel of a grist mill shown in one corner of the picture.

Nanton will spend \$2,000 in street improvements this year.

It is learned that the C. P. R. having found an abundant supply of natural gas at Coleridge, near Dunmore, has decided to bore for gas at the other tank stations between Medicine Hat and Lethbridge. These other points are Bow Island and Tabor.

## AROUND THE CITY

### LOCALS

The city luncheon meet tonight at 7.30 at the St. Elmo for the purpose of organizing a union.

Summers Stock Co. present "Zora," a romance of South Africa at the Edmonton Opera house tonight.

The annual meeting of Edmonton Y.M.C.A. will be held tomorrow night at All Saints' schoolhouse at 8 o'clock.

The annual Easter meeting of the congregation of All Saints church will be held this evening at 8.30 p.m. in the schoolroom.

Mr. Wilson, who has been staying at the Richelieu hotel, was taken yesterday to the Misericordia hospital, suffering with rheumatism.

The heavy wind prevailing this morning has played great havoc with the telephone and electric light wires, many of which are down today.

Mr. Watt, of the American restaurant, was taken to the general hospital, yesterday, in the Red Cross Ambulance. Mr. Watt is ill with typhoid.

The roads from the coal mines to the city are now almost impassable and nearly all the coal haulers have laid off today to give their horses a rest.

Mr. Elliot, of Second street, has been taken ill with appendicitis and was yesterday removed by the Red Cross Ambulance to the Misericordia hospital.

At the police court last night the case against Charles Mott for assault on his wife was dismissed, the defendant promising good behavior in future.

On the occasion of his marriage recently, Mr. Cowan, of the official staff of the Alberta Penitentiary, was presented with a handsome cash chair. The presentation was made by the warden and officers of the staff.

F. A. Markina, one of Edmonton's contractors, has been investigating prospects at Wetaskiwin, and has decided to make his headquarters there. He will move his family there shortly.

An important meeting of the Edmonton city football club will be held tonight in the Young Liberal club rooms at 8 o'clock. The question of grounds, uniforms and provincial league will be discussed, and a full attendance is requested.

The annual meeting of the Edmonton branch of the Lord's Day alliance will be held tonight at 8 o'clock for the election of officers and the transaction of other important business. Addresses will be delivered by Revs. Huestie and McDonald.

Fort Saskatchewan will get its daily mail by stage from Edmonton for a few days, until the C.N.R. gets its train running regularly. Special permission was obtained from the Postmaster General at Ottawa last week for the overland service.

The annual banquet of the city hockey league will be held tomorrow night at the Prince Arthur cafe at 8 o'clock. Tickets are \$1, and may be had from any member of the executive. The Tegner-Morris medals will be presented to the intermediates on this occasion.

Miss Annie K. Mitchell, of Guelph, who has accepted the position of matron of the Edmonton isolation hospital, arrived in the city yesterday, and will enter upon her duties tomorrow. Miss Mitchell visited with Winnipeg friends for a couple of days on her way here.

At the Edmonton Opera house last evening the Summers Stock company played the comedy entitled "Because She Loved Him So," a story of a very jealous wife who found two blond hairs on her husband's coat. The house was packed to the doors and judging by the applause, the play was very well received.

### PERSONAL

Miss McGregor is spending a few days with Mrs. West, Wetaskiwin. W. Cusick, of Moffat, Sask., was an Edmonton visitor yesterday. John Odoehed, of Red Deer, registered at the St. James yesterday. J. A. Hutchison, of High River, is at the St. James today.

A. McEachern, a prominent lumberman of Mainville, Mich., is in the city on a business visit this week. He is at the King Edward.

P. H. Johnson, Canadian representative of the Hall Sales Company, of Calgary, accompanied by Mrs. Johnson, are in the city for a few days.

Mrs. George Corne arrived yesterday from St. John, N.B. to join her husband, who has been a resident here all winter. They have secured a residence on Fraser avenue.

Mrs. Joe Harris, who spent last week with Red Deer friends, has gone to Summerland, B.C., where she intends spending the summer.

**TEAMSTERS MAY STRIKE.** The teamsters working for the city, about sixty in all, threaten to go on strike if their demands for an increase of wages from \$4.50 to \$6 per day be not granted.

A meeting of the Teamsters' association will be held on Saturday night to discuss the question.

**DIED ON THE WAY.** The three-year old child of William B. Churchill died this morning at St. Albert. The parents of the child were on their way to Edmonton from their farm home north of St. Albert when the child took ill and died.

The body will be brought to Edmonton this afternoon by Moffat, McOppen & Bull.

**LABOR NOTES.** As a result of the organization of the city electricians and plasterers, and their affiliation with the Building Trades Council, this organization has made up carpenters, plumbers, plasterers, painters, building laborers, electricians and lathers.

A secretary has been employed in the person of George Park, who will have his office at the labor hall from 12 to 1 and 5 to 6.

**CALEDONIAN CLUB FOOTBALL.** The Caledonian club will organize a football team at the meeting in Houston's hall on Thursday night. Several matters of importance will be submitted and a program of vocal and instrumental music will make the time interesting.

Swedishmen arriving in the city are invited to the meeting. To cheer on the immigrant from the home land is a feature of this club's existence, the members, which are drawn from John O'Grada to Maiden Kirk.

**SUPERIOR FARMING LAND HERE.** Among the passengers for Edmonton, who are delayed by the C.N.R. blockades at Kamnask, are Mr. and Mrs. James Wiley and James Wiley, Jr., and wife, all of Signyville, Iowa.

Mr. and Mrs. Wiley have along with them three carloads of farm effects, including thirteen horses, and have been over two weeks, making the trip from Winnipeg.

Mr. Wiley is one of Iowa's foremost agriculturists, and for years was in charge of the government experiment station at Signyville. Last year he spent several months travelling through the west from Winnipeg to the Rockies, and finally purchased a half section just west of the city limits. He will for the present devote his energies to mixed farming.

**A NEW LUNCH ROOM.** "The Boston," an up-to-date lunch room, is the most recent of Edmonton's many cafes. Two well fitted young men of the city have fitted up for this purpose the new building on McDougall street, south of Jasper. They plan to make their new lunch counter a very desirable one for the men who take lunch down town. Especial attention will also be given to quick lunches at night. "The Boston" opens on Saturday.

**NEW COMPANY OF DECORATORS.** The J. C. MacDonald painting and decorating company, of St. Jasper avenue east, has been reorganized as the Empire Sign and Decorating company. The manager of the new company is J. J. Denny, a recent arrival in Edmonton from Barrow-in-Furness, England, where he had been conducting a large business of his own.

**BORN.** MACKENZIE—On Sunday, April 11, in Edmonton, to Mr. and Mrs. D. S. MacKenzie, a son.

**National Trust Co. Limited.** Capital \$1,000,000. Reserve \$450,000. Security for your Earnings. This Company offers to Wage Earners a safe place for their earnings with 4 PER CENT INTEREST.

A. M. Stewart, Manager, Edmonton Branch, Corner Jasper and 1st Street.

**EXTENDING BUSINESS.** Hudson's Bay Co. Enlarging in Vancouver.

Winnipeg, April 23.—C. C. Chipman, commissioner of the Hudson's Bay company, arrived home last night from British Columbia. Mr. Chipman stated that he had been only on one of his official visits to British Columbia in order to discuss with the company's officers in that province matters appertaining to general business. One of the chief points under consideration was the matter of making a large extension to their retail premises in Vancouver.

Mr. Chipman stated that he was particularly gratified to note the substantial progress which was being made not only in British Columbia, but throughout the whole west. Vancouver, he stated, was gradually becoming a metropolitan centre, and had evidenced much progress since his last visit there a year ago. Many large buildings and fine residences had been built and others in the course of construction were bearing testimony to the faith of the investing public in the future terminal city.

**TO COMPEL HARRIMAN.** Washington, D.C., April 9.—The intense commercial competition today decided to institute proceedings in a circuit court in the state of New York to compel E. H. Harriman to answer the questions he refused to answer when he was testifying before the commission.

**TO TRY TO UNSEAT SIFTON.** Winnipeg, April 9.—The trial to unseat Hon. Clifford Sifton as member for Brandon begins in this city on April 24. The notices were served today on his lawyers. Judges Richards and Pordus will preside at the trial.

**BUILDING PERMITS.** At the office of the building inspector this morning the following permits were taken out: W. Charles Cunningham, Great estate, dwelling, \$8,100; Muttart Bros., Isabella, dwelling \$3,500; R. S. Mettari, Morris, dwelling, \$3,000; Julius Albert, Syndicate, barn.

422 Jasper Avenue Sask.

## NEW INDUSTRY PROPOSITION

Binder Twine Factory Looking for Location—Routine of Council.

Another industrial concern has approached the city in reference to what inducements would be offered to locate here. The new concern is a binder twine factory, and has behind it E. Dobbs, of Esqueville, Ontario. Mr. Dobbs' letter to the commissioners was referred to the Committee on New Industries, which reported to the city council last night, recommending advising Mr. Dobbs that Edmonton possessed exceptional advantages in cheap power, water and coal, and was also the only city in the province which was a competitive railway point. Mr. Dobbs will be invited to come to Edmonton to look over the situation.

There was considerable routine work done by the council.

**Well Recommended.**

Some individual whose citizenship was difficult to decipher, and whose signature the secretary was unable to make out, wrote advising the council that there was at present living in the city Dr. Martin Murphy, who would be able to give expert evidence in reference to the street railway route. Dr. Murphy was declared to be a bachelor of science, an LL.D., and a member of the Imperial Service Order. He was the father of concrete in America, had been employed by the Navy, Government, and was at present Dominion Government Inspecting Engineer between Strathcona and Edmonton on the G.T.P. The letter was filed.

**Board of Trade Gets \$2,000.**  
Chairman Short of the Board of Trade appeared before the council asking that the annual grant to the board be made. The request of the board was for \$2,000, an increase of \$1,000 over last year's grant. Aldermen Gariepy, Pizand and Daly favored making the grant, and expressed their approval of the work of the board.

Alderman Manson made an objection to the grant. Edmonton was well advertised at present, and something of more concern to the people of the city were the providing the

residents with sewers, water and good roads.

Alderman Walker pointed out that the Board of Trade exerted a greater influence in the advancement of the city's interests than the more advertising of the city. The board had many other functions, among them the interesting of outside capital in the city, the securing of adequate freight and passenger train accommodation, and of the securing of advantageous freight rates.

The motion to grant the request of the board was carried.

**Made the Rebate.**

The Edmonton Fruit and Produce Company wrote stating that the decision of the council on their application for a refund of taxes would not be taken as final, and asked for a reconsideration. The letter stated that Lundy & McLeod had been granted a rebate, and their position was similar to this firm. This letter provoked considerable discussion. It was said that the two companies were on the same footing, and a motion to make the refund applied for was carried. Subsequently Alderman Walker moved that tax refunds might be made, in order to give other situated in a similar position to that of the Edmonton Fruit and Produce Company an opportunity of making such application. This motion also carried.

**Three Petitions.**

Petitions were received for a two-foot plank sidewalk on the west side of Thirteenth street from Jasper to Victoria and for a sidewalk plank walk on east side of Richardson street from block 1 and block 3 to end of the street. Another petition was received for the grading and graveling of the lane in the rear of the south side of Jasper avenue, from McDougall to First street.

**The Accounts.**

The accounts passed amounted to \$22,007.37. In this amount was included a \$2,707.47 account from Evans, Coleman and Evans for steel rails, a \$1,292.46 account from the Standard Coal Company for coal, and a \$19,754.00 from the Bank of Montreal for rails.

Stephen Foley, of Banff, arrived from the west yesterday, and is stopping at the Queen's.

## GAS FRANCHISES HUNG UP AGAIN

An Exclusive Franchise is Recommended for the Natural Gas Company

The gas franchises are still hanging on the go-slow peg. The committee composed of Aldermen Manson, Smith and Gariepy, presented a report to the city council last night recommending a fifteen year exclusive natural gas franchise to the Northwest Gas and Oil Co., and after six clauses of the agreement were passed, the council adjourned until this evening.

The restrictions which will hedge this exclusive franchise, if it is endorsed by the council, are such that the city will have control of the rates, and may at any time go with the gas business. The franchise is only exclusive for two years unless gas is struck.

The committee is prepared to recommend the granting of an artificial gas franchise to the International Natural Gas Co. This company has also made application for a non-exclusive natural gas franchise, the company is willing to agree to the city controlling the rates. Eight months is asked in which to commence boring operations, and two years in which to locate gas. This application was laid on the table.

A point was raised by the mayor in considering the natural gas franchise whether the company should be restricted to within the city limits in their boring operations. The decision on this point was held over. Some of the aldermen thought there should be restrictions. Clause 6 of the proposed agreement provides for the filling with the city engineer of profile and plans of mains along the city streets. Several of the aldermen considered the engineer was not the person in whom to invest this authority, but the commissioners or the council. It was decided that in matters that referred to questions of policy, it was resolved that reference should be to the commissioner and in matters of detail to the city engineer.

## CANADIAN NURSES ORGANIZE

Superintendents of Training Schools Form Society.

A meeting was held at the Hospital for Sick Children, Toronto, when a Canadian Society of Superintendents of Training Schools for Nurses was organized. Letters had been sent out seeking opinions as to the advisability of forming such an organization, and the majority were heartily in favor of the proposal. At the meeting on Saturday there were representatives present from Galt, Belleville, Collingwood, St. Catharines, Ottawa and Stratford.

The following officers were elected: President, Miss Snively, General Hospital, Toronto; 1st Vice-President, Miss Livingston, Montreal; 2nd Vice-President, Miss MacFarlane, Vancouver; Secretary, Miss Brown, Hospital for Sick Children, Toronto; Treasurer, Miss McKeljohn, Lady Stanley Hospital, Ottawa.

A provincial constitution was framed, and the following Council was appointed: Miss Macdonald, Victoria Hospital, Halifax; Miss Wilson, General Hospital, Winnipeg; Miss McIsaac, Public Hospital, Edmonton; Miss Monaghan, Jullier Hall Hospital, Quebec; Miss Patten, Grace Hospital, Toronto; Miss Sharpe, Woodstock; Miss Stapley, Victoria Hospital, London; Miss Green, General Hospital, Belleville; Miss Scott, General Hospital, Kingston; Miss Chesley, St. Luke's Hospital, Ottawa.

It was decided to hold the first meeting at Montreal on Sept. 11th, next year.

## STRATHCONA NEWS

### STRATHCONA'S COMMISSIONERS

One will be the Mayor and the other the City Engineer—Tenders Called for Latter Position.

Strathcona council have decided to have two commissioners to perform the executive work of the city business. They will be the mayor, without salary, at his own request, and the city engineer. It is recommended some time ago applications for the latter position under the new charter will be called for at a salary of \$1,000.

### TO EXTEND BASKATCHEWAN AVENUE.

Mayor Mills has recommended to the city council in view of the fact that Strathcona has been chosen the university city, that Baskatchewan avenue be extended along the river bank to the extreme northwest end of the city. The mayor recommends that the avenue be made at least one hundred feet wide, and states that if properly boulevarded, it will make one of the finest driveways in western Canada.

### CEMENT BLOCK WORKS.

Messrs. Perrett and Higgins appeared before Strathcona council last night, and stated that they purposed establishing a cement block works in the city.

### STRATHCONA COUNCIL.

The Strathcona city council met for the first time last night in their new quarters in Douglas block, where future sessions will be held pending the construction of the new city hall.

The new council chamber is large, bright, clean and airy, and a big improvement on the old one.

The full board was present last night, with Mayor Mills in the chair. After routine business, communications were read.

Among these was an application from Arthur E. Shearer to be appointed on the police force; Stone and Wellington with reference to their nursery stock; A. C. Killam, chairman of the railway commission with reference to certain lands filed by the C. P. R. for their extended line; J. Bernie Brown, tax collector, protesting against the fire chief using the fire hall as a real estate office; A. C. Murphy, applying for the position of survey and meat inspector; director of surveys, enclosing a clause in the Land act with reference to subdivisions, the plans of which must be approved; C. W. Church, fireman at the power house, asking for a raise in salary; from Northern Electric & Manufacturing Co., tendering on the alarm system, their tender being \$12.00.

Figures were quoted by a concrete mixer manufacturing concern of \$700 and \$800 for their machines.

A petition asked for the removal of the fire limit by-law from lots 20, 21, 22 to block 60, known as the Windsor hotel corner, as a great part was used as a livery stable, and it would not pay to erect a brick block for this purpose.

These communications were in part read, and the others handed over to the several committees for report.

George Turner, an old man, a cripple and nearly blind, who has been staying for some time at the Commercial hotel, asked aid of the council. The letter was tabled.

On recommendation of the sanitation committee, the tender of Frank Cowles at \$200.50 for a year's supply of drugs for Strathcona hospital, was accepted.

It was decided to remodel an old barn for a laundry in connection with the hospital, and to procure a set for additional nurses' quarters.

A petition for the proposed sidewalk in the hospital from Main street was presented, and the matter left with the committee.

### THE PATIENTS ARE TERRIFIED

Man Taken Into the Strathcona Hospital Despite the Refusal of the Matron to Receive Him

When the Strathcona city council was in session last night, a sensation was sprung by Accountant Smart who had just come to the meeting from the hospital with an important message.

Business was at once suspended. Mayor Mills stated that Mr. Smart had just informed him that there was a patient at the Strathcona hospital, but in delirium tremens. A number of the nurses were off duty, the orderly was not in the building, and the other patients were in a state of terror.

Further information elicited the fact that the man, who, it was claimed, was taken to the hospital in an intoxicated state, had been entered by a local physician, despite the strenuous protest of the matron. The matron, Mr. Smart said, had absolutely refused to allow him to enter, but despite the refusal the doctor had carried in and laid on the floor. Councilor Rankin gave further information on the case by stating that the doctor had contended that the man who had been taken from a city hotel, was not drunk, not having taken liquor for two days. Indeed, he was in the delirium of fever. If it was fever he could not be refused entrance.

It was decided to at once secure a made attendant to look after the man and the house surgeon, Dr. May, was authorized to diagnose the case and act accordingly—if it be drunkenness to have him removed, and if fever to permit him to stay.

### MORE STRATHCONA POLICE.

At the council meeting last night, it was decided to appoint two additional policemen, one to have the duties of sanitary officer, also.

Chief of police Feltman appeared before the council and stated that it was impossible for the present force to patrol the city. Reports were coming in of disturbances at Walter's bar, and the hotel near the bridge, but it was impossible to send a man to those places without neglecting the business part. Last night he had not been in two days, and for the past six hours he had worked fourteen hours a day, and was only out of town three days in this time.

The suggestion of a mounted policeman was also made, but it was afterwards decided to appoint two constables as recommended by the committee.

### LOCALS.

T. G. Pearce, of Agricola, has purchased the property of Mr. Bernard Stanley avenue East, and has removed to Strathcona.

The little son of Police Officer Harris who has been at the Strathcona hospital some weeks, and has undergone an operation for appendicitis, was removed to his home yesterday greatly improved. Officer Harris is very grateful to the hospital staff for their skillful and tender attention to his son.

### PIONEER CREEK AFTER SHIELD.

Pioneer Creek, April 8.—At the annual meeting of the Pioneer Creek club which it was decided to have the club make a try for the shield given for competition among Canadian associations. The People's Recreation Point grounds, which team will work out three nights a week.

The agreement with Thomas Allen for the transfer of the Strathcona hospital some weeks, and has undergone an operation for appendicitis, was removed to his home yesterday greatly improved. Officer Harris is very grateful to the hospital staff for their skillful and tender attention to his son.

An offer from G. L. Sullivan of lots 7 and 8, Speedway subdivision at \$1,150 for a business ground, was handed over to a committee with power to act.

Reports from the city engineer, medical health officer, Accountant Smart, and other business was left on the table till the adjourned meeting tonight.

## Merchants Bank Savings Bank of Canada

Established 1864.

Head Office, - Montreal

6 MILES WOULD  
 COST \$50,400

Engineer's Estimate of Street  
 Railway Operation Cost  
 Strathcona Line

City Engineer Keely presented his report on the cost of operating the proposed street railway to the city council last night. The report showed the difference between the cost of operating the 6 miles of road decided on by the council and the 5 mile route proposed by the commissioners.

The latter was the cheaper, being a shorter route, and a six car equipment the cost of operation would be \$128.36 per day or \$36,600 for a year.

The cost of operating the route as recommended by the commissioners, which provided for five miles of track, would for the same service be \$128.36 per day or \$36,600 for a year.

The Strathcona Line.  
 The cost of operating a Strathcona line, as per the commissioners' report, namely down Ninth street and Baskatchewan avenue to the crossing of the river by the steel low level bridge, thence to Strathcona would on the same basis for a six mile track and 30 minute service, cost \$108.50 per day, or \$32,000 per year.

This route would require six cars, four of which would be placed on regular duty. The other two would be required for excursions and specials. The cost of operation would be slightly less, due to the fact of a 30 minute service, which would answer for the greater part of the day. Also the capital invested would be slightly less, because of the cutting out of the sub-station, and the chances are that there will be a far greater number of passengers carried on the Strathcona line than on an equal length of track in either of the two cities, while a ten cent fare would be charged. This would require that the revenue from this line would be more than double that from a line built on this side of the river, while the first cost of operating expenses would be less.

Thus Strathcona is by far the most practicable line to build first, states Engineer Keely, and recommends that the commissioners give it consideration. This city should abandon the route adopted by the council, or the commissioners, but leave this question as it is to be dealt with in the future as circumstances may require. It does mean that the most paying line will be put into operation first.

#### ATHABASCA LANDING.

Mr. L. Lazard arrived from his visit, looking hale and hearty after his trip.

Mr. J. Gagnon leaves by stage for a visit to Edmonton.

A planer has been set at work right here at the Landing, and now poplar's can get by the whistle.

Capt. Barber has his boarding house nearly complete, and the boat building is humming.

A gang of men will soon leave for the Lesser Slave river to "pave" the boat left there last fall for navigation. The boat is intended to run on the Slave lake.

A dance was lately given by the club of the Landing in the dining hall of the Grand Union. The hall was beautifully decorated for the occasion, and the management under Capt. Barber, Wood and Mr. Smith, is to be congratulated on the pleasant evening prepared for their guests.

The Liberal association lately formed here was changed to a club. It is to be hoped that as a club it will be a success.

Everything is humming and plenty of work for those who want to work. Mr. J. Gagnon, proprietor of the Grand Union, is furnishing twenty-five rooms in his new building, which will, it is to be hoped, be sufficient to accommodate his numerous guests.

Mr. J. Gagnon is also starting to build a butcher shop, which is very much needed.

#### ST. PAUL'S PARISH PROGRESS.

The school teacher, extending the St. Paul's church was held in the church on Monday evening. The vicar, Rev. H. N. Wilkinson, presided, and there was a fair turnout of members and adherents.

The vestry clerk, Mr. W. Thomas, presented a financial statement which showed a satisfactory balance on the right side of the ledger. The superintendent of the Sunday school and the officers of the boys' brigade reported that their organizations were progressing very favorably.

Mr. R. T. Dyke was elected people's warden and the vicar nominated Mr. C. Lees as his warden. The vestrymen elected are: Messrs. Eward, Moss, Whitworth and Geo. Teague. In his concluding remarks Rev. Mr. Wilkinson said that while much had been done in the past, he hoped that all the members and adherents would cooperate with him in extending the church's influence still further in the future. This year he hoped to see a much larger membership, and the various organizations considerably strengthened. He would particularly like to see the church debt of \$1,600 considerably reduced. Those present were heartily in favor of this and a subscription was at once started and a tidy sum realized. The meeting closed with the benediction.

Whether Fitcher Schuch will be a member of the Winipeg or the Lethbridge team is still a matter of doubt. The case is now in the hands of President Glas and an announcement will be made shortly. If the Winipeg players make good in keeping with advance notice there would possibly be but little room for Schuch on the team anyway.

#### OSHAWA Galvanized Steel SHINGLES

The cheapest proof that a shingle is also a guarantee for a century's weathering is OSHAWA's 25 years without ever painting. OSHAWA's double-galvanized shingles need no paint to outlast any roofing there is. Make roofs fire-proof, too, guaranteed in every way you want. Cheap in first cost as common wood shingles, yet more durable than slate. Sold under a written guarantee that really means something to the buyer.

You can't afford any other kind

With a hammer, a saw, and a shovel, anyone can install OSHAWA's Galvanized Steel Shingles. They need no nails. They look on all FOUR sides. Made in only one grade—of 28-gauge semi-hardened steel, used in the patented "Oshawas" way.

"Oshawas" Shingles are an investment, not an expense.

Lighting proof, too, guaranteed in Oshawas' way. OSHAWA's Shingles have been tested by lightning rods for 100 years. These shingles have been tested by lightning rods for 100 years. These shingles have been tested by lightning rods for 100 years.

Get out your book "Roofing Right" before you shingle a roof a thing.

The Pedlar People of Oshawas

## FROM DAY TO DAY

**FATE.**  
Two shall be born the whole wide world apart,  
And speak in different tongues, and have no thought  
Each of the other's being, and no head.  
And these o'er unknown seas, to unknown lands,  
Shall cross, ceasing wreck, delaying death,  
And all unconsciously shape every age  
And bend each wandering step to this one end—  
That one day out of darkness they shall meet  
And read life's meaning in each other's eyes

## THE FISHER-POWELL NUPTIALS.

Eastern parents have given much space to an account of the brilliant wedding of the Speaker of Alberta's legislature to the winsome young daughter of Mr. and Mrs. J. J. Powell, Ottawa.

In part, the Ottawa Free Press says of the occasion: "Mr. Fisher is much to be congratulated on having won the heart and hand of one of the Capital's most charming maidens, and by her vivacity, grace and lovable personality has won for herself a very high place in the esteem of all those who know her."

Of all the post-Lenten events which have been much anticipated, the event of today takes first rank. Society with its loveliest girls, frocks, coats and chapeaux, turned out to do honor to this charming event, and its fair April bride, who will be missed from the Capital and its gay days when she makes her home in the West.

The wedding arrangements were unique and carried out to perfection.

**A Military Guard.**  
At the entrance of the church a military band of which filled the church stationed, their vivid scarlet uniforms reflecting another note of color to the scene.

The chancel of the church formed a background of white lilies, white lilies and anemones, and a huge wedding bell of lilies and ferns, under which the bride couple stood. To the triumphal Mendelssohn's wedding march the bridal procession entered the church in "Ye Olde English" fashion, the pretty flower girl, Miss Betty Hodgins, coming first, looking most quaint and dainty in an Empire skirt of white net tied with broad white sash of satin and streamers.

She was followed by the maid of honor, Miss Elsie Burn, and the bridesmaids in single file, Miss Elsie Schmeichen, of London, England; Miss Mary Gray, Miss Marjorie Jordan, of Boston; and Miss Nora Senkay, of Toronto.

This charming quintette of youth and beauty were most bewitchingly arrayed in Empire gowns of pale rose embroidered Brussels net, inset with lace of similar hue. They carried fans of lilacs of the valley, the perfume of which filled the church as they softly waved them to and fro. They also wore the groom's gifts—gold hearts set with coral, with the monogram of the bride and groom.

## Entrance of the Bride.

Lastly followed the bride, on her father's arm, radiant in her exquisite wedding gown of shimmering ivory Liberty satin, worked in a hand-embroidered design of apple blossoms in gold, the panelled waist similarly designed, as was the bodice, which also had an exquisite rose point border and collar. The long court train descended from the shoulders in graceful folds. Narrow ruffles of beautiful lace finished the elbow sleeves. She wore the conventional veil and coronet of orange blossoms, her bouquet being a magnificent one of lilies of the valley. She also wore the gift of the groom, an exquisite hoop of pearls and diamonds, and earrings of diamonds.

The service was fully choral, and during the signing of the register Mr. Earl Lyon's fine tenor voice was heard to much advantage in "Love Victorious."

Place to Live.

The Place to Dine.

## THE HOTEL CECIL

OSCAR TESSIER.

C. H. BELANGER.

Jasper Ave., Edmonton, Alta.  
Everything New and Modern. Steam Heated. Rooms on suite.  
Excellent Cuisine. Orchestra in Attendance.  
Finest Wines, Liquors and Cigars.

Rates: \$2.00 and \$2.00 per Day.

Special Rates: 21 Meals for \$8; Board by the Month \$25

Mr. Marshall E. Graydon, C.E., London, was the groomsmen. The ushers were: Dr. Fred Powell, Mr. Percy Wright, Mr. Shun Sherwood and Mr. Archie Gray, who were bestmen of white gardenias and wore the bride's gifts, diamond stick pins in horseshoe design.

Several hundred invitations were issued to friends in Canada, the United States and Europe.

## The Reception.

The reception followed at the home of the bride's parents which was everywhere radiant of roses, the drawing-room, where Mr. and Mrs. Fisher awaited the congratulations of their friends being a study in white and green effects. Refreshments were served in the oak-panelled dining-room. Upstairs the wedding gifts were arrayed, a more magnificent and artistic collection of remembrances, seldom being seen. The bride's parents supplied the bride with her household furniture and linen imported from England, a hand some piano and pianola. The groom's gifts were superb jewels and home and carriage. A Mexican cowboy, who is an accomplished horseman, was another lovely gift. Cut glass, pictures and art pottery and some of the most exquisite effects in fancy work found their way to this fortunate bride.

## Left for New York.

After a dainty dejeuner Mr. and Mrs. Fisher left on the afternoon train for New York, en route for Albany, where the bride and groom are travelling in a tailored gown of vieux rose, chiffon broadcloth. The bride is of German lace, over rose lace, but a chic creation of rose in ruffled shades. With the costume a stole and muff of ermine were carried.

## Gift of Alberta's Legislature.

Occupying a place of honor among the wedding gifts was an unusually handsome and massive silver salver from the members of the Alberta assembly, engraved "To M.E.P. and W.F.P. on the occasion of their wedding, from the Legislative Assembly of Alberta." This was presented by Mr. Fletcher Bredin, M.P.P., on behalf of his colleagues in the Alberta house.

## Gowns at the Wedding.

Mrs. Powell, mother of the bride, was most admired in a handsome rose point lace gown over white chiffon and silk with exquisite rose of diamonds set in platinum and large white French picture hat trimmed with yellow plumes and jasmint flowers. She carried an exquisite bouquet of pink roses.

Mrs. Fred Carling, aunt of the bride, was attired in rose chiffon over silk inset with lace of the same hue, her lovely hair being crowned by hat of rose satin straw with single ostrich plume. Her three sons were present, Mrs. Carling being in Europe.

Mr. and Mrs. Fisher will on their return from the South visit Ottawa before going to their future home in the West.

## SOCIAL.

Dr. Martin Murphy, consulting engineer of the O.P.F., and Mrs. Murphy are staying for some time at the St. James Hotel.

Mr. George Gray, cousin of His Excellency, Earl Grey, is travelling to the States and will visit Western Canada before returning to England.

Mr. and Mrs. A. M. Stewart have moved from Fourth street to their new residence on the corner of Victoria avenue and Eighth street.

At Belleville, on April 2, Miss Bertha White, daughter of Mr. Frank White, was married to Mr. Larry J. Chown, son of ex-Mayor Chown, of Belleville, now of Edmonton. The bride looked exceedingly well in a handsome gown of lace over tulle; she carried white roses and wore the conventional orange blossoms. The bridesmaid was Miss Florence White, sister of the bride, who wore a gown of Dresden voile, and carried pink roses.

The groomsmen was Mr. Jas. C. Dyer, son of Rev. Dr. Dyer, of Albert college. Rev. J. P. Wilson, of Bridge street Methodist church, performed the ceremony. Mr. and Mrs. Chown will live in Edmonton.

## Mrs. Park, Fifth street, will not receive again during this month.

## Mrs. Kwing, who has been ill for some time with la grippe, has quite recovered and is about again.

## Mrs. John Ross will receive with Mrs. Richard Ross on Thursday, and every second Thursday during the summer months.

## The numerous entertainments given recently at Ottawa in honor of Miss Marjorie Powell, who was recently married to Hon. C. W. Fisher, culminated in a recheurche luncheon at the Golf Club given by the fair young bride-elect for her five bridesmaids, Miss Elsie Schmeichen, Miss Muriel Jordan, Miss Sarah Rankin, Miss Mary Gray and Miss Elsie Burn. The decorations were unique and of the daintiest description: a large heart composed of pale pink carnations centered the table, surrounded by wide pink satin ribbon laid on the cloth in a true lover's knot design. At each corner were dainty name cards with tiny figures of birds and bridgework on one corner and miniature white satin slippers containing dainty souvenirs and cards with original verses. After desert an immense white satin slipper ornamented with a rosette of white flowers were placed upon the table and each guest pulled a pink ribbon and drew forth a pretty little gift. In addition to the young hostess, her mother and her bridesmaids, covers were laid at this dainty luncheon for Miss Ruth Sherwood, Miss Dora and Miss Clara Oliver, Miss Dorothy Fletcher, Miss Miss Stewart.

## Mrs. McPherson was the hostess yesterday afternoon at one of the most enjoyable teas of the season, given at her artistic new home, "The Highlands," at the old-end of Sixteenth street. Notwithstanding the early condition of the roads a very large number of guests were in attendance. Mrs. McPherson, daintily attired in a ye-llow and white silk chamois, received her guests in the drawing room. In the tea room the honors were done by Mrs. Braithwaite, Mrs. Cautley and Mrs. Scoble. The tea table was artistically arranged with brilliant American beauty roses in decoration. The hostess was assisted by Mrs. T. F. S. Jackson in looking after the pleasure of her guests. Among those present were Mrs. Griesbach, Mrs. Beck, Mrs. Short, Mrs. Hardisty, Mrs. Emery, Mrs. Corbally, Mrs. Thibault, Dr. Scottell Symp, Mrs. Paden, Mrs. Graydon, Mrs. Charlesworth, Mrs. Bamer Watt, Mrs. Saunders, Mrs. Terrie, Mrs. Hubbell, Mrs. Lane, Mrs. Blackburn, Mrs. Douglas, Mrs. E. W. Day, Mrs. Bonville, Mrs. Duncan Smith, Mrs. Nightingale, Mrs. Edwards, Mrs. McQueen, Mrs. Seord, Mrs. St. George Gray, the Misses "White" Winkler, Tynd, Fletcher, Rose Taylor, Rose Cameron, Ashwell and Somerville.

Also Vacant Lot on Fraser, fine situation, \$2000. 1-2 cash; balance 6 and 12 months.

The Nicholson Realty Co. Room 5 P.O. Building.

## THE ACME COMPANY, LIMITED

## Ladies' Glove Dept.

FIRST FLOOR LEFT.

In all of a woman's dress perhaps there is nothing that appeals to her as much as a good, neat fitting Glove. A new and stylish costume with an old pair of Gloves spoils what would otherwise make a woman feel dressed.

## There is a Difference

in Gloves. Do your new Gloves wrinkle across the knuckles? They should not, and a good Glove properly fitted will not. In PERRIN'S GLOVES you are sure of a fit if you are sure of your size. PERRIN'S is the make we carry.

## HERE WE QUOTE YOU A FEW LINES.

Suede Mousquetaire in Tan, Brown, Black and White. Glace Mousquetaire in above shades. This Glove is one of our big sellers, being worn for evening, and with the hair and three quarter sleeve we have them in 12, 16, 18, 20 button.

Glace Kid, 2 dome in Black, Grey, Champagne, Green, Navy and Plum.

PERRIN'S Washable Kid Gloves in Grey, Cream, White and Champagne. This Glove can be washed with soap and water and still retain its shape and appearance.

Chamois Gloves in White and Black. This Glove is also washable in white.

PERRIN'S P.X.M. and Cape Gloves. These Gloves are made to stand the roughest use, yet very dressy for a driving or walking Glove there is none better.

ASK TO SEE THE CAPE PEQUE SEWN.

## PERRIN'S FABRIC GLOVES.

Mousquetaire Silk Gloves, double tip fingers, in Black, White, Cream, Pink, Blue and Champagne.

Mousquetaire Milanese Silk Gloves, lace arm in Black and White

Mousquetaire Superfine Lisle Gloves in Black, White and Grey.

PERRIN'S Pure Silk Gloves, 2 domes in Black and White.

PERRIN'S Silk Net Gloves, 2 dome in Black and White.

Try us for that Next Pair.

## THE ACME COMPANY, LIMITED

## SPORTING NEWS

## BIG LEAGUES OPEN.

New York, April 10.—The principal sporting events of the week will be the opening of the regular baseball season. The first scheduled game of the big leagues will be played on Thursday. The opening games in the National League will be played in New York, Boston, Cincinnati and Chicago. The American League will begin the season with games at Philadelphia, Washington, St. Louis and Detroit.

## \$26 FOR EVERY BASE HIT.

Forty-six dollars for each and every base hit hit by Napoleon Lajoie, manager and second baseman of the Cleveland Baseball Club, will drop during the coming season, provided he hits as well as he did last year.

It is well known that Lajoie's combined salaries as player and manager are in the immediate neighborhood of \$10,000.

Last season he made 214 hits. Just divide 214 into \$10,000 and you will get a figure so close to \$46 per hit that the difference isn't worth counting.

## BOXING TO-NIGHT.

Matt Nelson, the North Dakota champion, and Barney Mulla come together tonight at the Thistle rink in a fifteen round mill. Both men are in the pink of condition, and a fast, scientific exhibition of the battle game can be looked on.

The agreement calls for the men to weigh 160 pounds at three o'clock this afternoon. The fight is for the title receipts, which will be divided, 65 per cent. to the winner and 35 per cent. to the loser. Seats are on sale at \$1 and \$1.50.

## LONGBOAT GOING FAST.

Toronto, April 10.—Tom Longboat, Indian runner, is being carefully prepared for Marathon by instructor Ashley, of West End Y.M.C.A., and the latter is confident of the redskin's ability to outrun any white man that ever lived. Saturday he was sent twice over West End's five mile course and finished the ten mile run as fresh as a daisy, complaining at the finish because Ashley would not let him go further. Ashley and a couple of attendants followed the Indian in a rig for part of the distance. He used up two attendants, one on each five mile lap. Second man was several blocks behind. Longboat, when the run was completed, was still fresh and horse was badly blown, driver being compelled to apply whip vigorously to keep abreast of the runner.

**FAST HORSES FOR EDMONTON.**  
Winnipeg, April 10.—J. F. Fields, acting for Watson & Co., Edmonton, has purchased two well known track performers from Dr. Himmans, of this city. The horses in question are the bay gelding, Dalton McCarthy, 2:18 1/4, and Sunbeam, 2:18 3/4. Dalton McCarthy was sired by Byron, 2:15 1/4, and Sunbeam is by Hambletonian Wilkes. The price paid for the two black stallion Ellerysone, foaled in 1899, by Ellerysone from Crown horses and their harness amounted to \$1,000. This is a noted show horse.

Dr. Himmans recently acquired the horse at Chicago and the south, and has earned the reputations of horseman and racing expert wherever exhibited.

## ANOTHER BIG HOCKEY TROPHY.

Winnipeg, April 10.—A movement is on foot in this city to secure a new trophy representative of the amateur hockey championship of the Dominion. Since the Stanley Cup represents the professional championship, admirers of the amateur game in this city have been active, and an effort is now being made to get a cup which will stand solely for the amateur championship of the country. It is likely that the attempt to interest will not be confined to those who are actively identified with amateur hockey, but it is probable that the new branch of the C.A.A.U., which will be formed in this city next week, will lend every assistance to the scheme. All those who have amateur hockey at heart realize that something must be done to keep up the interest of the game, and they think that it can be done in no better way than by putting up a big trophy for which the different champion amateur teams in the country may play.

## BASEBALL.

The locals postponed their annual meeting until Friday on account of the City Hockey league banquet on Thursday night.

British Columbia will have a three-club league this year. Vancouver will supply two teams, and New Westminster one.

This year the N. L. U. referees will impose a penalty of twenty minutes on all players guilty of deliberately fouling an opponent.

Sam Menice, the leading batter of the Copper Country league last year, and a member of the Winnipeg Maroons, will not play this year.

Ottawa Capitals will come back in great form from their tour of England and look good to win the Canadian championship again this year.

The National Lacrosse Union opens on June 1st, and closes Sept. 1st. There are seven teams in the association and each will play home and home games with all the others. The dispute as to whether Bellingham or Tacoma should have a team in the Northwest league has been settled. Tacoma was not, and will get together a grand nine for the 1907 season.

There is a possibility that the O. W. Kerr Co., may send a publicity representative to tour with the Lehigh Valley professional baseball team, in addition to A. E. Humphries, Dominion immigration agent, who will be the official publicity agent.

The Ottawa papers have it that Tom Phillips, the bright particular of the Kenora Thistles, will play with the Ottawa team next season, sure, and already the enthusiasts are having visions of the Stanley cup's return to the Dominion capital.

It is reported that Biddy Dolan, last year with the Fargo team and now with Calumet, has decided to join the Spalding team of Chicago. If Dolan decided to play independent ball, as reported, his loss would fall heavily upon the Calumet team, as he is one of the best fielding and hitting first basemen in the league.

The report that Artie O'Dea will be a member of the Lehigh Valley club is denied by the management of the British club. Artie was on the reserve list of the Zenith city club, and before he can join the Western Canada league it will be necessary for him to secure his release from the southern team and this they have not yet done.

J. M. Lamb, of the Winnipeg club, will be in charge of the Maroons in their early games. Mr. Lamb will look after the business end of their trip though full control as to selecting the team will rest in the hands of Eddie Herr. About twenty-five men will report, and the management of the team say that it will be entirely up to Mr. Herr to select a winner.

The Tegner-Morris medals will be presented to the champion intermediates at the banquet on Thursday night. The champion players are all busy preparing their little speeches for the occasion. It is expected Ross and Bolander will be the prize orators. Manager Duhamel has Chester Sanford and Capt. Clarke, and if they don't develop cold feet they should be able to speak their piece very creditably.

A WOODEN MAN with one eye can see at a glance that lumber as this yard is the kind that makes good houses, good fences, and good everything else where lumber is required. Most of our lumber for 1907 which we now offer is thoroughly seasoned and ready to at once commence that building of yours. Get our estimates and give us your contract. You'll save money by doing so.

WE HAVE 40,000 feet of 1 & 2 Native Spruce Flooring in stock. This is dry, manufactured last year. It will only last a few days, so send us your orders quick if you want any.

Application to Construct Tramway for the Hill on This Street.

H. J. Dawson, representing a company which two years ago made application to the city for permission to construct a tramway from the bottom to the top of the First street hill, renewed the application at the meeting of the city council last night. When the proposition was before the council two years ago, the point on which the negotiations were known as the failure of the company to put up a \$10,000 bond as a protection to the city against claims for damages. The principal function of this particular convenience, as explained by Mr. Dawson, would be to provide a means of hoisting gravel, sand, stone, or any other commodity, which, as at present laboriously teamed up the hill. As an incidental, the hoist could be used for passengers. "What we want," said Mr. Dawson, is that the city build the hoist, or permit us to do so. A single unit would cost about \$10,000, and a suitable about \$15,000. Two years ago the traffic warranted the hoist, but the company was not in a position to put up a \$10,000 bond to protect the city against any claim for damages on property owners who feared the remodeling of the earth in the operation of the tramway might result in a depreciation of the value of their property. The company is now in a position to meet that requirement. The construction of this hoist would be the means of raising in two minutes loads which are now hoisted up the hill in 30 minutes. Besides, it could be of inestimable convenience to the countless thousands who will come to Edmonton to the exhibition this year, and who would have to climb that hill unless provision of this kind is made." The application was referred to the commissioners for report.

Angell Evans reports that a few days ago while driving in the country north of Lethbridge he saw a large flock of swans on a lake.

**WESTERN NEWS**

Calgary police station had fifty inmates Monday night. Winnipeg fire insurance rates have all gone up one per cent. A lodge of the Knights of Pythias, was organized at Olds, Monday night. The Canadian Stock and Grain Co. will re-open for business in the fall at Calgary. So far this month the average has been eight cases per day at the Calgary police court. The Dominion convention of the Brotherhood of St. Andrew will be held in Winnipeg on May 24th, 25th and 26th. J. McMillan, of Winnipeg, who succeeds Mr. Edwards as superintendent of the C. P. R. telegraph at Calgary, entered on his new duties Monday. After paying all current expenses and wiping out a \$400 deficit of last year, Pincher Creek Anglicans have sight to the good. A scheme is now on foot at Pincher Creek to erect a new Anglican church and rectory and use the present church for a school house. Regina legislature has voted D. Watson, who has given up the position of Supreme Court clerk at Regina, a retiring allowance of \$2,500. Mr. Holden, of Pincher Creek, has been appointed inspector of elevators for the Pacific Elevator Co., and will reside at Strathcona in future.

An Anglican church is being opened at Clarendon. It will be built in the north end of the town. Regina has purchased a Decarie incinerator having a fifty ton capacity for the sum of \$40,500.

Regina police force is now reorganized and will consist of a chief, a sergeant and three constables. The new Methodist church at Okotoks was officially opened on Sunday. The structure cost \$5,100 and only carries a debt of \$900.

J. W. Dehn, a Nanton farmer, last week threshed 1,701 bushels of oats from 16 acres of crop—and 1906 wasn't a good year for oats, either. Nanton's fall fair will be held October 18th. This was decided at the meeting of the Agricultural Fair association at Calgary, Tuesday.

The Calgary Milling company's new mill will be ready for operations by the time the 1907 crop is harvested. It will have a capacity of 1,000 barrels per day.

Calgary public works department purchased a fine black team yesterday from S. C. Wilson, Springbank. The consideration was \$210 for team and harness.

U. A. Hubble, of Okotoks, shipped a car load of driving horses to Kingston, Ont., on Saturday.
